

THE UGLY TRUTH

Lawyers betray their oath.

Lawyers take an oath to uphold the American Constitution.

The legal profession has failed miserably in fulfilling its obligations, as reflected by the failure of the American legal system to seriously protect our civil rights.

Lawyers and judges are losing the confidence of the public. We, the people, are sovereign in this nation, and we have an absolute right to pursue reform.

Keep reading inside to learn more about **The Ugly Truth** and what you can do to *fight back....*

WITHOUT
JUSTICE,

OVERCOMING
LEGAL ABUSE

**CITIZENS' JUSTICE
ASSOCIATION**

WHAT IS LEGAL ABUSE?

Legal abuse is what happens when corrupt and incompetent lawyers and judges use the law and the courts to deprive people of due process of law, to commit fraud and to subvert the principles of justice.

Millions of people now realize that the legal profession and the courts are not working in our best interest.

Many citizens are using the Internet and social media to fight back against bad lawyers and judges. Others are forming organizations to protest and challenge the continuous assault on people's rights by the legal system.

The Citizens' Justice Association has been formed to help people cope with legal abuse and provide the information and networking to fight back.

THE UGLY TRUTH

The legal system works best for the very wealthy and well-connected.

Usually those with the highest priced and best-networked lawyers will win. This should be unacceptable in a democratic society, yet it is tolerated by an apathetic public.

Most lawyers are actively engaged in a war against people's rights. The work they do for government, the insurance industry, and large corporations, ensures the wealthy and powerful stay wealthy and powerful and the American dream is destroyed for most.

WHAT YOU CAN DO RIGHT NOW!

The Citizens' Justice Association needs volunteers and donations.

We want to get information out to the American people about the betrayal of their rights and interests by the legal system, and build a movement for real change.

Please give what you can, and help us challenge the system! Mail the below application to the address on the back panel.

 Yes! I want to help educate Americans about our rights and make sure the government and legal system respects them! ! I want to join the Citizens' Justice Association! ! I enclose a donation (not yet tax-deductible) of \$59, and in return, I will get a 2-year membership, a 2- year subscription to the CJA newsletter , and a copy of the new *Citizens' Justice Manual!*
